

Caregiver Self-Assessment Questionnaire

How are you?

Distributed by:

Caregivers are often so concerned with caring for their relative's needs that they lose sight of their own wellbeing. Please take just a moment to answer the following questions. Once you have answered the questions, turn the page to do a self-evaluation.

Self-evaluation:

To Determine the Score:

1. Reverse score questions 5 and 15. (For example, a "No" response should be counted as "Yes" and a "Yes" response should be counted as "No")
2. Total the number of "yes" responses.

To Interpret the Score:

Chances are that you are experiencing a high degree of distress:

- If you answered "Yes" to either or both Questions 4 and 11; or
- If your total "Yes" score = 10 or more; or
- If your score on Question 17 is 6 or higher; or
- If your score on Question 18 is 6 or higher.

Next steps:

- Consider seeing a doctor for a check-up for yourself.
- Consider having some relief from caregiving. (Discuss with the doctor or a social worker the resources available in your community.)
- Consider joining a support group
